1. MARK DOOR
   A. Fold and apply to high edge of door bevel and mark center of door edge as indicated on template at the desired height from the floor.
   B. Mark center hole on door face through guide on template for 2-3/8" (60mm) or 2-3/4" (70mm) backset.

2. DRILL HOLES
   A. Drill halfway thru door face (inside face). Standard 2-1/8" diameter hole or 1-1/2" diameter hole can be used.
   B. Drill 1" (25mm) hole in center of door edge thru 2-1/8" (54mm) hole for latch. CAUTION: Check center of latch hole for alignment with strike center on jamb to ensure free movement of latch bolt.
