## INSTRUCTIONS ON HOW TO REVERSE HANDING
FROM LHR (Left Hand Reverse) to RHR (Right Hand Reverse)

Applicable for **MR9800, MCVR9800, WCVR9800 and 9800 Series Rim Exit Devices**

1. **Remove cover.**
2. **Use a puncher tool or any hard metal with a diameter smaller than the pin.**
3. **Punch pin out by slowly hammering the puncher tool.**
4. **Take out pin, lift arm and the two metal bushings.**
5. **Assemble parts on the opposite side of the head as shown. Punch pin back to place.**
6. **Check lift arm, it should move freely.**
